The superscript "1" indicates the team with the first pre-game practice session. For the first games in the Mixed Team, the teams will toss a coin to decide first and second practice. At the conclusion of the team's pre-game practice two players deliver one stone each to the tee at the home end. The distances recorded for each stone are added together to give the team its LSD total. The team with the lesser LSD total has the choice of delivering the first or second stone in the first end.

The first named teams in each draw play the stones with the dark coloured handles, and wear dark coloured upper playing garments. The second named teams in each draw play the stones with the light coloured handles, and wear light coloured upper playing garments.
